

## **Is your facility prepared to evacuate?** We can help with cost-effective, ready to implement evacuation solutions.

With expert resources from the [Yale New Haven Health System Center for Emergency Preparedness and Disaster Response \(YNHHS-CEPDR\)](#), your facility won't have to "reinvent the wheel" in order to make measurable strides in evacuation planning. YNHHS-CEPDR evacuation solutions are easy to use, cost-effective and ready to implement. The result for busy facilities – sustainable progress in evacuation planning, without breaking tight timelines and tight budgets.

### **Solutions include:**

- **Facility Evacuation Plan Templates** starting at **\$350**, appropriate for long-term care and acute-care facilities
- **Online Courses** introducing evacuation concepts to your staff and addressing patient movement
  - Introduction to Evacuations (**\$210** for 35 learners, additional discount for more than 100 learners)
  - Patient Movement During Evacuations (**\$273** for 35 learners, additional discount for more than 100 learners)
- **Tabletop Exercise Toolkits** including player handbooks, evaluation guides and The Joint Commission After Action Report templates starting at **\$450**, allowing facilities to conduct HSEEP-compliant evacuation exercises without planning delays
- **Evacuation Workshops** starting at **\$900**, plus travel fees, providing an expert trainer to work directly with staff utilizing engaging, instructor-led training
- **Evacuation Webinars** starting at **\$800** (for up to 25 learners), providing training on evacuation operations
- **Evacuation and SiP Assessments** identifying actionable strengths and areas of improvement in your facility's ability to evacuate or shelter-in-place (SiP)
- **Functional/Full-Scale Evacuation Exercise Support**, ranging from material templates, custom development, and comprehensive exercise facilitation and evaluation
- **Evacuation Operations Facility Walk-Throughs**, applying our evacuation expertise and experience to shape your planning and response process based on your facility design, capabilities and resources

With over a decade of targeted healthcare emergency preparedness experience, the experts at YNHHS-CEPDR can help your facility meet your emergency preparedness goals. Contact us for additional information regarding evacuation resources, or to find out more about how we can support your organization in creating a sustainable culture of emergency preparedness.
